NEW UCI BOARD DOMINATED BY OE AND AFTERMARKET VETERANS

BANNOCKBURN, IL – March 8, 2017 – UCI International Holdings, Inc. (UCI), the parent company of ASC Water pumps, Airtex fuel pumps and Champion Labs filters, announced the appointment of its full board of directors following its successful emergence from Chapter 11 protection on Dec. 30, 2016. The board is comprised of several long-time prominent industry executives including:

- Michael Klein – former CEO, Armored Auto Group, and current Chairman, Auto Care Association
- Robert Blair – former Executive Vice President, Products, and President, Carquest Corporation
- Mark Blaufuss – former CFO, UCI, and current CFO, Metaldyne Performance Group
- Jay Pittas – former President and CEO, Remy International
- Gerry Rooney – former Executive Vice President and COO, Armored Auto Group
- Greg Seketa – current Executive Director, JP Morgan Investment Management

“I am thrilled to be working with such an exceptionally strong group of successful auto OE and aftermarket executives,” said Chairman of the Board Klein. “Each of these individuals is a proven winner in his field and all of us on the board look forward to lending our expertise to the ASC, Airtex and Champ Labs management teams to help deliver best-in-class products and solutions to our valued trade partners and consumers worldwide.”
